Children

(especially those in the Head Start and Early Head Start Programs) - Any child age 4 to 18 years of age who meets the economic eligibility guidelines may receive services; Medicaid is also accepted.

Ryan White Program

The Health Department is the lead agency for the Ryan White Care Act Dental Services and provides services at four clinical locations for those who qualify. Three of the sites serve adults and the fourth site serves children under age 18, as well as the caregivers of the child **who receives Ryan White services**. In addition to clinical services, clients may be referred as necessary to Nova Southeastern University Dental School or the Nova Southeastern University Oral Surgeon at Broward General Medical Center.

Adults

The Health Department provides preventive and limited routine dental care for eligible adults referred to the clinic through the Memorial Healthcare System Primary Care Program. The Primary Care Physician makes a referral based on pre-established criteria. **The patient referral must come from Memorial Healthcare System Primary Care Program.** Preventive and limited routine dental care for eligible adults is also available at the Broward College Dental Clinic.

Is there a cost for services?

Services are provided on a sliding scale based on income. Some services are free of charge. The charge for any procedure is decided once all eligibility paperwork is filled out. We also accept patients enrolled in the Children's Medical Services Program and the South Florida Community Care Network.
