**Who Am I?**

- The first question to answer is "Who am I?"
- When have you been most committed, passionate and enthusiastic?
- What do you consider to be your greatest accomplishment?
- For what would you take a very strong stand?
- What about the world puzzles or disturbs you that you could make an impact on?
- What jobs do you like to do at work when you have a choice?
- What activities are you drawn towards out of work?
- If money were no concern, what would you be doing?

**Brainstorm each of these questions, and then use your answers to identify the top 3 talents that you most use when you're successful. Rank these in order.**
